

MARKETING INSTAGRAM ACCOUNT AUDIT

Online skype consultation

1 HOUR – 45 EURO (49\$)

The next 30 minutes - 20 EURO
(22\$)

WHAT ARE THE ADVANTAGES OF THE CONSULTATION?

YOUR BRAND POSITIONING IS THE KEY TO THE SUCCESS OF YOUR ADS

After clicking on the ad, your potential client gets to your Instagram or Facebook page. Then it's all about your brand positioning, communication lines, and content strategy on the page. If there is a failure at this stage, your ad may not work as intended.

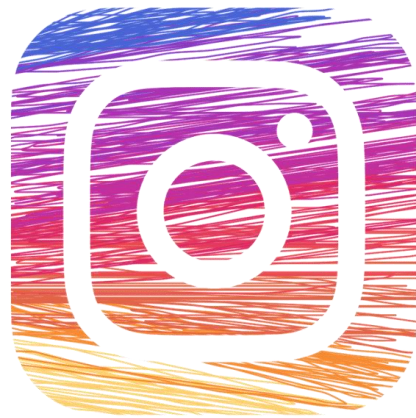

So, we will analyze:

Technical aspects

- How to increase reach in the feed and Stories
- What factors does instagram take into account for audience engagement
- How to increase engagement on your page
- How to cheat kill the account
- Account security. How to protect your account from hacking.

Marketing aspects

- How to increase your Instagram sales
- Account overview through the eyes of your potential client
- Content strategy
- Auto-posting services (official+unofficial)
- The hashtags' role in account marketing strategy
- Shadow ban
- How to implement an effective promotion strategy on your account
- Assistance in choosing a promotion strategy
- How do bloggers, giveaway organizers cheat
- Preparing your account for sales
- Criteria for an effective profile bio

What do Instagram sales depend on?

The final result of running an Instagram account is SALES. They directly depend on how you run your page, how correctly your audience understands you, whether you create additional barriers to the perception of you and your service. The right account management strategy is the basis on which sales on a social networks are built. You can spend millions of advertising budgets, but if the account is not run correctly, you lose money and time.

At the consultation, I will analyze your account in details. We will talk about analytics, content, audience feedback and also what actions will give you the best result. The consultation is aimed at eliminating the errors that you make when running an account.

You will learn how to manage your Instagram more efficiently, will understand the Instagram operation algorithms, and how to make your account bring a profit.
